The Educational Equality Institute

The Educational Equality Institute is an NGO based in Norway with over 70+ active volunteers globally. We are committed to educating and thereby empowering disadvantaged girls.

In response to the war in Ukraine, we started the project "Together for Ukraine" - Free educational programs for 100.000 Ukrainians.

Together for Ukraine

2022: 100.000 Students - 5000 Teachers - 50 Key Partners - 50 Universities

We strongly believe that education, upskilling, and employment are among the most impactful ways to support and help rebuild Ukraine.

We are currently offering the following programs for our students:

TEEI language courses

Free language classes for Ukrainians.

Online and in-person. Most of our language classes are taught by former Ukrainian teachers that TEEI employs at a competitive European salary.

TEEI online Ukrainian school

A school for Ukrainian children everywhere.

An online school with the official Ukrainian school curriculum and former Ukrainian school teachers hired by TEEI. Ukrainian children all over Europe will learn with us in a safe and familiar environment.

TEEI buddy program

A mentor program for Ukrainians.

Volunteers from around the world sign up and get matched with Ukrainians. With a focus on language learning, communication, support & creating friendships.

Language Connect for Ukraine

Free 1-1 language learning platform.

A digital hub connecting Ukrainians with international volunteers to practice language skills over 1-1 video sessions. Which is a great addition to the language classes to get some first-hand practical experience.

TEEI open university for Ukrainians

Free online university-level education for Ukrainians.

Students can start new university studies or continue existing studies via TEEI and undertake exams at our partner universities for full accreditation. TEEI's own LMS system for Ukrainians, [TEEI itslearning](#) makes it possible through the in-system integration with all universities using itslearning.

We are currently in talks for a partnership with the Ukrainian Global University, an initiative by the office of the president of Ukraine. We will supply all the infrastructure needed to build a fully online Ukrainian open university.

Upskilling & employment programs

Together with our partners, we will help 100.000 Ukrainians find a job remotely through our upskilling and job-related education programs.

TEEI's "Jobs for Ukraine" job board lets companies list jobs for Ukrainians with us, and our platform for Ukrainian coaches enables skilled Ukrainians to coach people around the world.

Support program for Ukrainian universities

Critical support to Ukrainian universities and schools.

TEEI supports with hardware, software, teachers, LMS, teaching material, help with fundraising, admin staff and teachers.

TEEI has support agreements and started relief action for:

Universities damaged by bombing and shelling: Kharkiv National University of Arts

Universities evacuated from occupied regions: Melitopol State Pedagogical University

Relocated universities: Kharkiv School of Architecture

In addition to this, TEEI is currently in talks with more than a dozen Ukrainian universities that need international support to continue their work.

The institute is also developing a scholarship fund to enable Ukrainian students to continue their studies under war conditions.

TEEI is proud that through our partnership with KhSA, we can enable them to be the ground-breaking institution in the higher education system of Ukraine.

Olena Zelenska, first lady of Ukraine: *"I know that it is Kharkiv School of Architecture that will be the first higher education institution in which the modules of the barrier-free curriculum can be implemented. I applaud this important step! I believe it will be an example for other universities. Yes, war scars will remain on our streets. But only as a reminder of what you can't forget. A new life will begin on a new foundation we lay together."*

Books for kids

Distribution of Ukrainian children books around Europe

With our partner Shevchenko Central Library for Kids, the biggest library for kids in Ukraine. We are working on the project **Ukrainian Books Without Borders**. The project is run by librarians who raise funds and provide Ukrainian books to the libraries in European countries that host Ukrainian refugees.

TEEI distributes books and is the primary contact person for contact with schools, libraries and publishers across Europe.

Digital academy for veterans and their families

TEEI are developing a digital academy for veterans and their families together with the Ukrainian Ministry of Veteran Affairs and Irex. The academy will provide an easier path for reintegration, education, and employment.

Ukrainian Female Entrepreneurship Program

TEEI and partners is supporting Ukrainian females through a 6-month Entrepreneurial program. It provides Ukrainian women with the capital, tools, and network they need to start or scale their businesses.

Partner with us - make an impact.

The Educational Equality Institute believes everyone plays a vital role in creating a better world for all. Therefore, we work with various organisations, institutions, and companies across borders to develop innovative and effective partnerships that deliver long-term value for all stakeholders.

We are looking for more partners and supporters to work with us. Partnering with Together for Ukraine will have a strong impact on the future of Ukraine and its people.

Support Together for Ukraine

TEEI looks to partner with leading companies that want to make a positive and lasting difference in the lives of people affected by the war in Ukraine. A corporate partnership with TEEI is a mutually beneficial relationship. For TEEI it means greater access to innovative ideas, skills and expertise, scale, and funding support. For our corporate partners, it means the chance to make a positive social impact, build relationships, and develop and deploy ethical and sustainable business strategies.

Sponsorship:

Sponsor Together for Ukraine. We make sure every sponsor gets the most out of their CSR budget by putting every euro given to work on our projects.

Our corporate sponsorship program is an opportunity for your company to bring real impact to the people of Ukraine. Become an annual sponsor with a single donation that gives your company year-round exposure or sponsor individual programs to show your community support as a good corporate citizen

Volunteer program:

Studies have shown that volunteer programs boost productivity, increase employee engagement, and improve hiring and retention.

Develop your corporate volunteer program with TEEI. Employees can support Ukraine by volunteering in one of our programs, becoming a mentor or signing up for "Language Connect for Ukraine".

Besides giving a direct way to help Ukraine to all our valuable partners and sponsors, we also highlight all on our web page, social media, partner newsletter and marketing channels.
